

EA1440 Photo Door Sensor

EA1441 Inductive Proximity Door Sensor

User Guide

Package Contents:

- 1 Photo Door Sensor (EA1440), or Inductive Proximity Door Sensor (EA1441)
- 1 Adjustment Tool (EA1440 only)
- 2 Screws
- 1 Bracket
- 1 Velcro Strap

Installation:

Note: Use the Velcro to secure the door sensor to the inside of the rack door and run the wire to the device which will monitor the enclosure. Make sure the sensor and wire do not interfere with the doors ability to close completely.
