

USB-C to VGA Adapter

UC3002

- The UC3002 is a USB-C to VGA adapter that allows you to transfer the video of your USB-C equipped laptop, tablet or computer to a VGA display or projector. The UC3002 supports high video resolutions up to 2048 x 1152 @ 60 Hz so that you can conveniently scale your display output to a bigger monitor or do presentations from a projector.

Features

- Transfer high-quality videos from a USB-C equipped laptop or tablet to a VGA display or projector
- Compatible with the latest USB-C equipped laptops and tablet computers including Apple MacBook, Chromebook Pixel™ and Thunderbolt™ 3 computers
- USB billboard feature proactively notifies users of alternate USB-C modes supported by the source device
- Premium manufacturing and high-quality design resists signal interference during video transmission
- Plug-and-Play – no software required
