1	user instructions

Mounting the KE6948A

- Using the M3 screws provided in the mounting kit, attach the mounting plate to the bottom of the KE6948A, as shown below.

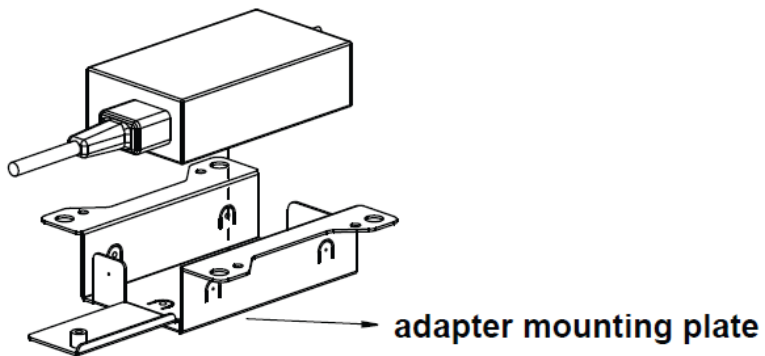

- Using the M8 screws provided in the mounting kit, screw the mounting plate with KE6948A attached to a convenient location.

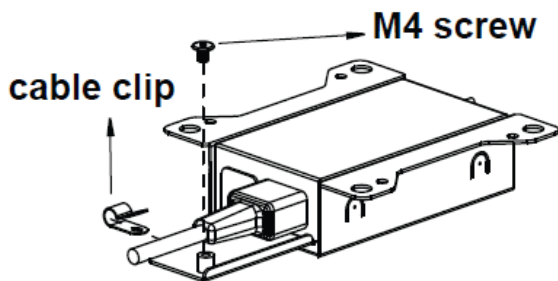

Mounting the Adapter

1. Attach the adapter mounting plate provided in the mounting kit to the KE6948A power adapter and power cord, as shown below.

2. Attach the cable clip provided in the mounting kit to the power cord cable, and then use the provided M4 screw to secure the cable clip.

3. Using the M8 screws provided in the mounting kit, secure the adapter mounting plate to a convenient location.
