2 Status LED
3 Function Button
4 Brightness Up/Down
5 Volume Up/Down
6 LAN Port with PoE
7 USB Type-A Port
8 Micro-USB Port
9 Power Jack
10 Power Switch
11 Speakers
12 M4 Screw Holes for Mounting
13 For debugging purposes only

B Mounting the VK330
Wall Mount
1 Secure the wall plate to the wall using the wall anchors and screws.
2 Slide the panel plate to the wall plate.

Desk Mount
1 Secure the panel plate to the VK330 using the M4 screws.
2 Slide the panel plate to the wall plate.

Note: Accessories for wall mount (VK302) and desk mount (VK304) installations are available for purchase. For more information, visit the VK330 product web page.

C Hardware Installation
1 Use an Ethernet cable to connect the unit to a PoE switch or PoE injector to provide power and access to the network.
2 Put the Power Switch to ON. The status LED lights green.

Software Configuration
Adding Viewers to the ATEN Control System App
1. After switching the power to ON, wait for the ATEN Control System welcome page to appear.
2. Tap Start. The Download Viewer page appears.
3. Search for controllers and add Viewers that you have created. For more information about the ATEN Control System app, refer to the ATEN Control System User Manual.

Configuring the Network Settings
To configure network settings:
1. Press the Function button.
2. Tap Network & Internet > Ethernet > Ethernet IP Mode to configure the network settings.

Operation
- To return to the settings page, press the Function button once.
- To return to the welcome screen, press and hold the Function button for 2 seconds.
