B Mounting the VK330

The VK330 Touch Panel supports desk mount, wall mount, or any third-party mounting accessory that is VESA compliant (75 mm x 75 mm). For more information about the accessories, visit the product web page. To mount the VK330 to the wall using ATEN wall mount accessory, follow the steps below.

- 1 Secure the wall plate to the wall using the wall anchors and screws.
- 2 Secure the panel plate to the VK330 using the M4 screws.
- 3 Slide the panel plate to the wall plate.

C Hardware Installation

- 1 Use an Ethernet cable to connect the unit to a PoE switch or PoE injector to provide power and access to the network.
- 2 Put the Power Switch to **ON**. The status LED lights green.

Software Configuration

Adding Viewers to the ATEN Control System App

1. After switching the power to **ON**, wait for the ATEN Control System welcome page to appear.
2. Tap **Start**. The Download Viewer page appears.
3. Search for controllers and add Viewers that you have created. For more information about the ATEN Control System app, refer to the *ATEN Control System User Manual*.

Configuring the Network Settings

To configure network settings:

1. Press the **Function** button.
2. Tap **Network & Internet > Ethernet > Ethernet IP Mode** to configure the network settings.

Operation

- To return to the settings page, press the **Function** button once.
- To return to the welcome screen, press and hold the **Function** button for 2 seconds.
