5A High Current

Self-Coiling

Features

Self-Coiling, Magnetic Design

No more hassle of untangling cable knots with the cable automatically coiling and organizing itself, keeping your tech setup neat wherever it is.

Up to 240W (5A) Fast Charging

Elevate your charging experience with support for up to 240W power delivery and 5A output to power a wide range of USB-C devices, including smart phones, tablets, laptops, and more.

E-Marker Chip Integrated for Optimum Performance and Safety

Intelligently identifies the charging devices and automatically adjusts the required current to avoid overcharging, overheating, and device damage for a fast yet safe charging experience.

Built to Last with Premium Materials

Features multi-layered shielding to avoid data transmission degradation caused by Electromagnetic Interference (EMI). Plus, the tough nylon-braided exterior withstands daily wear and tear, twisting, and pulling, making it a reliable companion for everyday use and travel.

Up to 480Mbps Data Transmission

Compliant with USB 2.0 standards, the cable powers up not just your device but also productivity with supporting file / data transfer and charging simultaneously.
