# Fixed Rack Shelf
RA1100 / RA1101 / RA1102

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be flexibly applied to accommodate various rack configuration requirements.

The ATEN Fixed Rack Shelf is designed to be used with ATEN's Rack Mount Brackets. Installed inside the rack, it is used to support IT equipment such as servers and network switches, with a total weight capacity of up to 45 kg. It is available in three depth options—450 mm, 550 mm, and 700 mm—and comes in both white and black color variants. It is suitable for ATEN 19-inch racks, server racks, and network racks, and can be flexibly installed at any height on the rack's adjustable vertical rails.
