# Adjustable Rack Shelf
RA1200 / RA1201

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be flexibly applied to accommodate different rack configuration needs.

The ATEN Adjustable Rack Shelf is designed to be directly installed inside the rack to support IT equipment such as servers and network switches, with a total weight capacity of up to 90 kg. With a 1U height, it is available in 550 mm and 700 mm depth options, and comes in both white and black variants. This Adjustable Rack Shelf is compatible with ATEN and third-party 19-inch racks, including server racks and network racks, and can be flexibly mounted at any height on the rack's adjustable vertical rails.

RA1201 White   RA1201 Black
