1U Cable Management Panel, 5-Ring Type

RA2800

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring the safe operation of equipment and personnel, and can be applied flexibly to meet different rack configuration needs.

The ATEN 1U 5-Ring Cable Management Panel complies with the latest EIA / ECA-310-E standards and features a 1U height design with five cable rings. It can be installed inside the rack to effectively guide horizontal cable routing, preventing tangling and knotting.

Suitable for ATEN or other brands of 19-inch racks, server racks, and network racks, it can be flexibly installed at any position inside the rack to maintain organized cabling.
