

4U Rack Mount Drawer

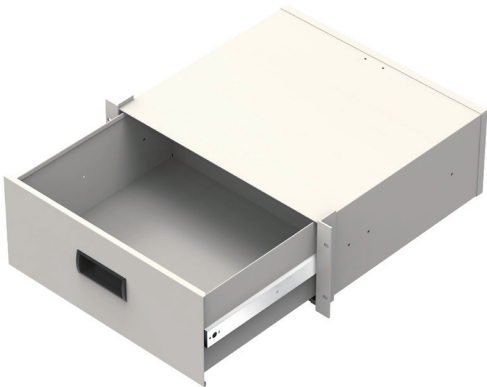

RA3500

ATEN offers a variety of flexible rack accessories to meet the needs of IT personnel for managing racks and installing equipment. All accessories are functional, ensuring safe operation of equipment and personnel, and can be flexibly applied to meet different rack configuration needs.

The ATEN Rack Mount Drawer complies with the latest EIA / ECA-310-E standards and features a 4U large-capacity design. It is compatible with ATEN and other brands of 19-inch racks, server racks, or network racks. The drawer can be flexibly installed at any height along the rack's adjustable mounting rails.

Features

- Ideal for storing tools, spare parts, and cables inside the rack to maintain cleanliness and organization
- 4U large-capacity design
- Compatible with ATEN and other brands of 19-inch racks, server racks, and network racks
