

Vertical Wall-Mount Rack (1U / 3U / 4U)

RC2300 / RC2400 / RC2500

ATEN has over 30 years of experience in rack design and manufacturing, with certifications including UL in the United States and Canada, CE in the European Union, and multiple domestic and international patents (certificate numbers: M377678, M385174, M513193, etc.). All ATEN's racks are fully manufactured in Taiwan, adhering strictly to the EIA/ECA-310-E standards.

For offices, studios, or other space-constrained environments, ATEN offers a variety of open-frame racks – including desktop, wall-mounted, and side-mounted wall models – designed to meet the storage and installation needs of a small number of devices.

The rack complies with the latest EIA/ECA-310-E standards and can be installed directly on various wall surfaces, effectively saving floor space. It is suitable for mounting 19-inch multimedia, networking, and server equipment. Depending on the number of devices, you can choose from 1U, 3U, or 4U models, making it a safe and reliable solution for equipment deployment.

Features

- Wall-mount design with a total load capacity of up to 50 kg
- Can be installed directly on various wall surfaces to effectively save floor space
- Supports installation of 19-inch multimedia, networking, and server equipment
- Complies with the latest EIA/ECA-310-E standards
