

15U 4-Post Open Frame Rack

RC3100

ATEN has over 30 years of experience in rack design and manufacturing, with certifications including UL in the United States and Canada, CE in the European Union, and multiple domestic and international patents (certificate numbers: M377678, M385174, M513193, etc.). All ATEN's racks are fully manufactured in Taiwan, adhering strictly to the EIA/ECA-310-E standards.

The rack complies with the latest EIA / ECA-310-E standards and features a durable frame structure to ensure the safety and stability of mounted equipment. Its open-frame design facilitates cable management and daily operations, significantly improving maintenance and testing efficiency.

With 15U of mounting space and caster wheels on the bottom for greater mobility, this rack is ideal for production lines, laboratories, and any kinds of test environments, meeting the deployment needs of a small number of 19-inch IT or A/V devices.

Features

- Open-frame design improves cable management efficiency
- Provides 15U of mounting space, ideal for production lines and laboratories, etc.
- Casters at the bottom give easy equipment mobility and on-site adjustments
- Complies with EIA / ECA-310-E standards and supports standard 19-inch equipment installation

Specifications

	RC3100
Physical Properties	
U Spaces	15U
Internal Height	680 mm
Overall Height, Casters Included	942 mm
Overall Height, Casters excluded	845 mm
Overall Depth	737 mm
Overall Width	523 mm
Color	Black
Enclosure Frame	SPCC / SPHC
Weight Loading (Static)	800 kg

*The product will be shipped flat-packed.
