Glass Wall Mount Kit

VR103

The VR103 is a professional mounting solution for ATEN VK Touch Panels and Room Booking System (RBS) Panels, enabling secure glass wall or mullion mounting while supporting 75x75 mm and 100x100 mm VESA patterns. Its low-profile structure allows touch panels to be deployed wherever they are needed and complements the aesthetic of contemporary office environments.

Versatile Mounting Support for a Sleek, Integrated Look

The VR103 offers a space-efficient, low-profile way to securely mount the VK Touch Panels and Room Booking System (RBS) Panels to a variety of surfaces, including glass walls, door mullions, window frames, and solid walls. It brings a sleek, integrated look to modern conference rooms without obtrusive hardware, where glass partitions and doors have become increasingly popular, and preserves the clean, contemporary aesthetic of the interiors. The kit also supports 75 x 75 mm and 100 x 100 mm VESA patterns, ensuring compatibility with a wide range of devices.

Stable, Durable, and Service-Friendly Design

Constructed of durable metal, the VR103 delivers the stability needed to prevent touch panel wobble and hardware fatigue resulting from continuous screen tapping. The side cover structure conceals the cables to keep the wall pristine and clutter-free. For convenient servicing or repair, the panel can be detached with ease from the mounting structure without disassembling the mounting plate.

VR103 enables compatible touch panels to be mounted to the mullions of glass walls, windows, and partitions. Installation demonstrated with the VR440 RBS Panel.

Features

Low-Profile Hardware that Supports Glass, Mullion, and VESA Mounting

- Supports mounting on glass walls, door mullions, window frames, and solid walls
- Compatible with 75 x 75 mm and 100 x 100 mm VESA patterns
- Delivers a clean, obtrusive-free appearance from every angle

Durable Design without Compromising Flexibility or Aesthetics

- Metal construction provides the rigidity needed for repeated screen taps while holding the panels securely
- Foam sponge included for mounting surface protection
- Side cover keeps cable installations neat and clutter-free
- Easy panel detachment enables servicing and repairs without disassembling the mounting plate

Specifications

	VR103
Compatible Accessories	Compatible with ATEN's VK302 Wall Mount Kit, the wall plate included in VR440 RBS Panel, 75 x75 mm and 100 x 100 mm VESA patterns.
Physical Properties	
Housing	Metal
Weight	680 g
