

ATEN INTERNATIONAL CO., LTD.
Corporate Identity Guidelines

PREFACE

A Corporate Identity System (CIS) is a standard that a company uses to reinforce its corporate identity, highlight corporate spirit, and ensure consistent corporate commitments and values among target customers. With over 40 years of global presence, ATEN has seen outstanding operation results and, as a result, has a unique ATEN brand image and assets.

A successful international brand must ensure consistent brand values and experiences for target customers wherever they go. To make ATEN's brand image and assets continue to stay in the hearts of our target customers all over the world, we must have a standardized, organized, and systematic corporate management strategy, marketing strategy, and visual communication design to have a consistent corporate identity in the global market.

ATEN continues to build a more intimate relationship with our customers, and focuses the operation direction on Customer to Business, establishing customer value proposition to extend marketing roadmaps and market visibility. A clear and consistent corporate identity system and brand value experience is key to ATEN's continuous growth. The rules of this system should be abided by all employees and channel partners at ATEN Group to ensure ATEN will continue to lead the global market.

ATEN'S "ONE BRAND" STRATEGY

ATEN uses the "One Brand" strategy with ATEN as its main brand and Altusen, VanCryst, and NRGence as part of the product portfolio (not sub-brands).

THE ATEN BRAND

- ATEN is the only main brand.
- For all regional offices in the world, ATEN is the one and only corporate brand which all marketing communication activities are based on.
- The ATEN Brand is the only brand that we are concerned about and promote to build a stronger brand image and assets along the way.

PRODUCT PORTFOLIO

Altusen™, VanCryst™, and NRGence™ have been reoriented as part of the ATEN product portfolio. The initial letter of the product name should be capitalized (e.g. Altusen™ is capitalized only in the first letter). If the product name is a compound word or acronym, only the first letter of each compound word is capitalized (e.g. VanCryst™ or NRGence™)

ATEN'S "ONE BRAND" STRATEGY

All brand-identified materials (e.g. product design or marketing materials that highlight the ATEN brand) are no longer present in logos, but expressed in words. General rules are listed in detail as follows:

~~ALTUSCN™~~

Altusen™

~~VanCryst™~~

VanCryst™

~~NRGence™~~

NRGence™

CONCLUSION **ATEN as the single main brand = corporate identity = brand assets**

"Altusen™, VanCryst™ and NRGence™ are the identities of product portfolios"

BASIC CORPORATE
IDENTITY SYSTEM

1.1

CORPORATE LOGO

ATEN was the sun god worshipped by the ancient Egyptian pharaoh Amenhotep IV or Akhenaten. It represents the source of life and symbolizes the technological creativity and vigorous spirit of ATEN International.

ATEN LOGO DESIGN

A. BRAND LOGO DESIGN

The design is based on the company's English name, ATEN. The six rays in the letter "A" represent the spirit of the company, its technological expertise, and its corporate vision

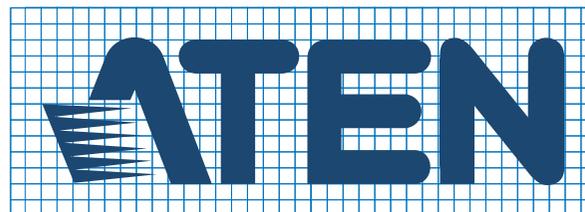

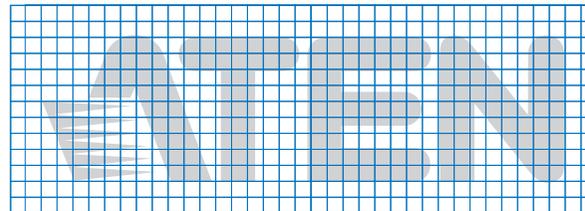

B. STANDARD DRAWING of BRAND LOGO

The following shows the standard scale of the brand logo. To ensure logo standardization and consistency, if the logo is unable to be reproduced by means of photolithography or enlargement, please draw the logo according to the following measurements to ensure the correct logo specifications.

A.

B.

(Square Method)

1.2

CORPORATE LOGO SAFE SPACING

LOGO SPACING GUIDELINES

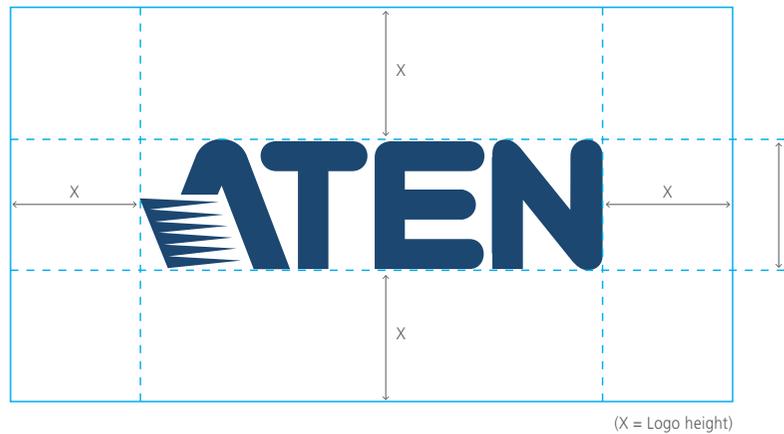

A. STANDALONE

When using a standalone ATEN logo, make sure to leave a margin of "X" on all sides. Aside from the Chinese and English company names, do not add any irrelevant patterns or text to the logo to prevent interference with the logo's integrity.

B. MINIMUM SIZE

For different materials, the minimum size of the corporate logo is listed on the right. Please use the sizes on the list to avoid ambiguous logos that are too small.

A.

B.

ATEN 3 mm
(Used in printing materials)

ATEN 10 px
(Used in digital materials)

ATEN 3.8 mm
(Used in ID product materials)

1.3

ATEN BRAND'S EXCLUSIVE DNA

OUR COLOR TONE

Corporate standard color is the most direct visual message to convey brand impression. The following 3 colors: ATEN Blue, Vivid Green and Intelligent Blue represent the exclusive colors of the ATEN brand, showing the brand personality and uniqueness of ATEN.

These colors have consistent visual recognition and are applicable for all corporate applications to emphasize the business philosophy, product characteristics and the shaping of corporate image.

ATEN Blue

Is the color that best represents the ATEN brand personality. Reliability, Stability, Assurance, and Trustworthiness

Vivid Green

Represents growth, energy, change, innovation, and never-ending vitality

Intelligent Blue

Represents experience, knowledge, hope, and sincerity

Brand color

Represents our brand's core personality, the disciplined attitude to produce the best products to serve every customer sincerely.

Primary auxiliary color

Represents our vitality, innovative spirit, and the will to increase competitiveness for sustainable operations.

Second auxiliary color

Represents our quality and service. We have abundant experience and diversified products as well as innovative solutions and connectivity.

1.4

STANDARD COLORS – I

Color planning falls under “brand color” and “auxiliary color” series. The color of the corporate logo is the brand color. The logo should be represented in the brand color as much as possible. In addition, we have also established two auxiliary colors to be used in conjunction with the brand's main color to convey ATEN's corporate image as a trusted, innovative and intelligent company.

ATEN COLOR PLANNING**A. BRAND COLOR**

ATEN Blue is the standard color of ATEN, applicable for promotional materials to enhance corporate image, such as business cards, envelopes, letter paper, banners, uniforms, etc. In addition, ATEN Blue is also the main color (main tone) of ATEN marketing materials, and must be used in conjunction with the main auxiliary color Vivid Green.

B. AUXILIARY COLORS**B-1. Primary auxiliary color**

The main auxiliary color used for marketing products must be used in conjunction with ATEN Blue. Vivid Green symbolizes ATEN's growth, vitality and innovative spirit, applied to the emphasized points of the picture, for customers and users to quickly notice the key points and transmit information more efficiently. In marketing materials, its visual weight should not be higher than the brand color.

B-2. Second auxiliary color

Secondary auxiliary color used for marketing materials (should only be used if necessary). Intelligent Blue symbolizes ATEN's experience, wisdom, and sincerity. It is used as an embellishment of pictures and color toning, and should not be used with ATEN Blue alone.

Note: The main color tone of marketing materials should be the combination of ATEN Blue and Vivid Green. It is strictly forbidden to use ATEN Blue and Intelligent Blue.

1.5

STANDARD COLORS – II

ATEN COLOR PLANNING

THE APPLICATION OF COLOR SCALES

In order to keep the brand image unified and various, the application of standard color scales are implemented to use colors effectively. In the actual application process, it should be implemented strictly in accordance with the color scales on the right to avoid visual confusion.

C. CORPORATE STANDARD COLOR SCALE

Can mainly be used in tables, charts and graphics. The color scale can emphasize the order of importance of the messages.

D. MAIN AUXILIARY COLOR SCALE

Can mainly be used in tables, charts and graphics. The color scale can emphasize the order of importance of the messages.

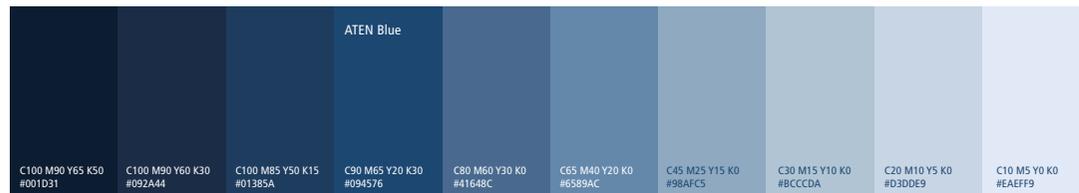

E. SECONDARY AUXILIARY COLOR SCALE

Can mainly be used in tables, charts and graphics. The color scale can emphasize the order of importance of the messages.

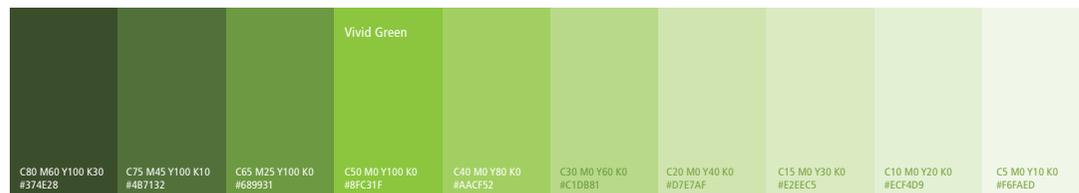

F. GRAYSCALE

Grayscale colors can convey clear information and instructions, and are suitable for use in designs that contain a lot of information (for example, manual pages, information interfaces, etc.).

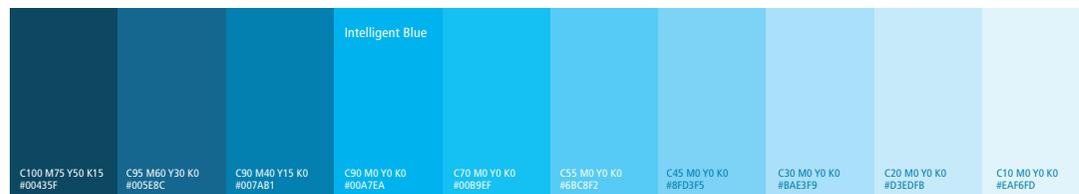

C.

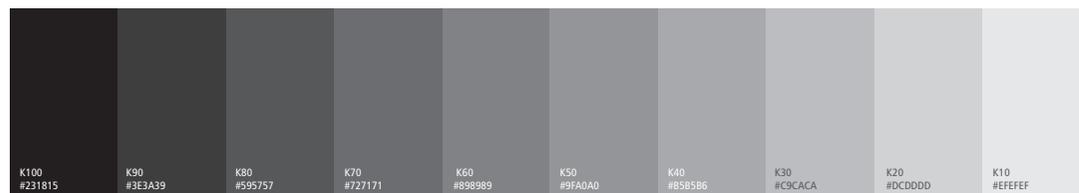

D.

E.

F.

Note: Color scales cannot be applied to cover pages and large areas of the main medium.

1.6

STANDARD COLORS – III

ATEN COLOR PLANNING

E. ACCENT COLORS

In order to have versatility and diversity in certain design situations, other than the corporate standard colors and auxiliary colors, eight accent colors have been introduced on the right, mainly to help users read and understand information, which can be applied to connection diagrams and headers, etc.

STANDARD COLORS – V

ATEN COLOR PLANNING

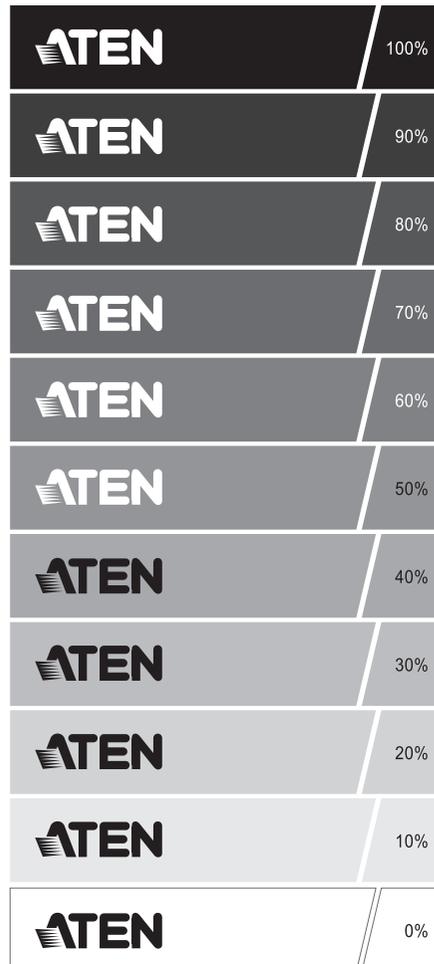

G. COLOR & BRIGHTNESS INSTRUCTIONS

When using the corporate logo on a dark or light background, use the reverse or white-edge effect when the brightness is low. By contrast, when the brightness is high, use the colors within the essential and nuance color series. Please refer to the following brightness specifications for details.

H. BACKGROUND COLOR

- (a) Light Background
- (b) Dark background

G.

H.

(a) The logo shall be in its standard color when placed against a light background

(b) The logo shall be reversed when placed against a dark background

CORPORATE AUXILIARY GRAPHICS

Auxiliary graphics is an extended application of the logo, which enables the logo to create both rich visual effects and unified visual image in practical application.

The auxiliary graphic "A" is mainly used to promote corporate image materials such as office supplies, event flags, banners, and more.

Auxiliary graphics can be enlarged or reduced in proportion, and should not be stretched or flattened arbitrarily.

The fonts used in the corporate full Chinese/English name and tagline of ATEN:

Corporate full name in Chinese – Corporate Standard Font

Corporate full name in English – Frutiger 75 Black

ATEN LOGO USAGE
WITH PARTNERS

2.1 CHANNEL PARTNER

2.2 SOLUTION / ALLIANCE PARTNER

2.1.1

ATEN CHANNEL SIGNATURE

A signature is the combination of the ATEN logo with a logotype. This signature was specially designed for our Authorized Distributors. ATEN channel signatures communicate your relationship to ATEN. Always use the correct signature based on your contractual relationship with ATEN. Never use an ATEN channel signature in place of your business or store identity.

It is preferred that you use only one ATEN signature on each page or surface of a communication where ATEN products are shown and the reseller identity is displayed.

ATEN CHANNEL SIGNATURE CONFIGURATIONS

The basic ATEN signature configurations are shown on the right. Always use one of these approved configurations on your communications. Do not arbitrarily change the font, color, and element size and spacing of the logo.

Signature artwork is provided on partner center. Do not alter the artwork.

One-line signature

Two-line signature

2.1.2

SIGNATURE COLOR

ATEN channel signatures can be displayed only in ATEN Blue or all-white. When placing a signature on color backgrounds, use an all-white signature reversed out of the background color. The all black signature could be used when monochrome printing is required.

Never place an ATEN channel signature on a visually cluttered or patterned background.

A. ATEN BLUE SIGNATURE

B. ALL-WHITE SIGNATURE

C. ALL-BLACK SIGNATURE

A. ATEN Blue signature

B. All-white signature

C. All-black signature

Never place an ATEN channel signature on a visually cluttered or patterned background.

2.1.3

MINIMUM CLEAR SPACE AND MINIMUM SIZE

ATEN CHANNEL SIGNATURE SPACING GUIDELINE

A. MINIMUM CLEAR SPACE

The minimum clear space around the signature is equal to one-half the height of the ATEN logo. To create the greatest impact, allow even more space around your signature. Do not allow photos, typography or other graphic elements to enter the minimum clear space area.

B. MINIMUM SIZE

The minimum signature size should be used only when layout space is extremely limited. Use the signature at a larger size whenever possible. Make sure the ATEN channel signature is smaller than your store or company identity.

A.

B.

2.1.4

AVOID SIGNATURE MISTAKES

Do not alter ATEN channel signature artwork in any way or alter the relationship of the elements in any way. Always use the complete electronic artwork provided by ATEN.

AVOID THESE COMMON MISTAKES

- A. Do not change the font or alter the spacing between letters.
- B. Do not reproduce the signature using any color other ATEN Blue or white
- C. Do not incorporate the ATEN channel signature into your company identity.
- D. Never use an ATEN channel signature as a decorative border or pattern.
- E. Do not use logo artwork that has been rendered to look three-dimensional.
- F. Do not add special effects to the signature such as shadows, reflections, or glows.

A.

B.

C.

D.

E.

F.

2.1.5-A

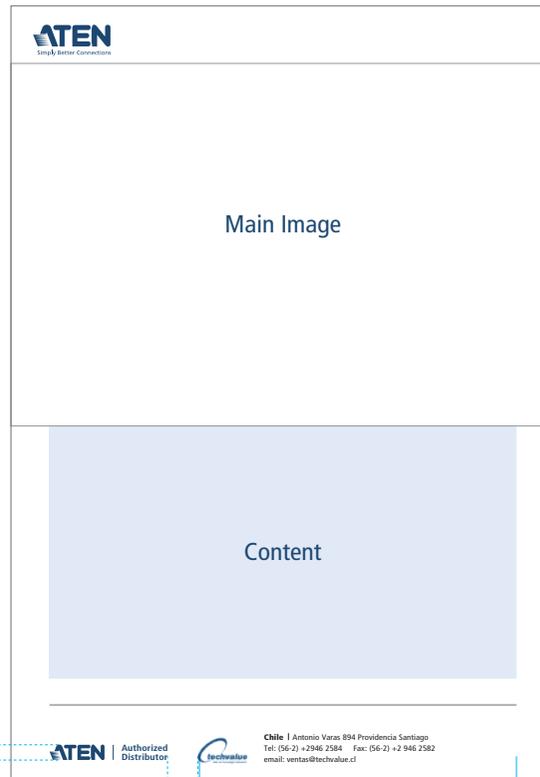

ADVERTISEMENTS

Please follow the required layout and visual presentation.
The surface area of the Main Image and AD Content can be altered.

Please follow the standards of the position of the ATEN Logo (on the upper-left hand side of the advertisement) illustrated here. Distributor information and ATEN channel signature should be on the bottom of the advertisement. In most cases, none of the aforementioned items should be altered.

Size: 210mm (W) x 297mm (H)
Resolution: 300dpi

Advertisement template artwork is provided on SharePoint. Do not alter the artwork.

Information of the authorized distributors
The visual proportion of the distributor logo should not be greater than the ATEN logo on the top left

The proportion of main image to content can be adjusted according to actual use

Example

2.1.5-B

FLYERS

Please follow the required layout and visual presentation.
The surface area of the Main Image and AD Content can be altered.

Please follow the standards of the position of the ATEN Logo (on the upper-left hand side of the flyer) illustrated here. Distributor information and ATEN channel signature should be on the bottom of the flyer (on the back side). In most cases, none of the aforementioned items should be altered.

Size: 210mm (W) x 297mm (H)
Resolution: 300dpi

Flyer template artwork is provided on SharePoint. Do not alter the artwork.

2.2.3

THE SAFE SPACING OF THE ATEN LOGO AND "POWERED BY"

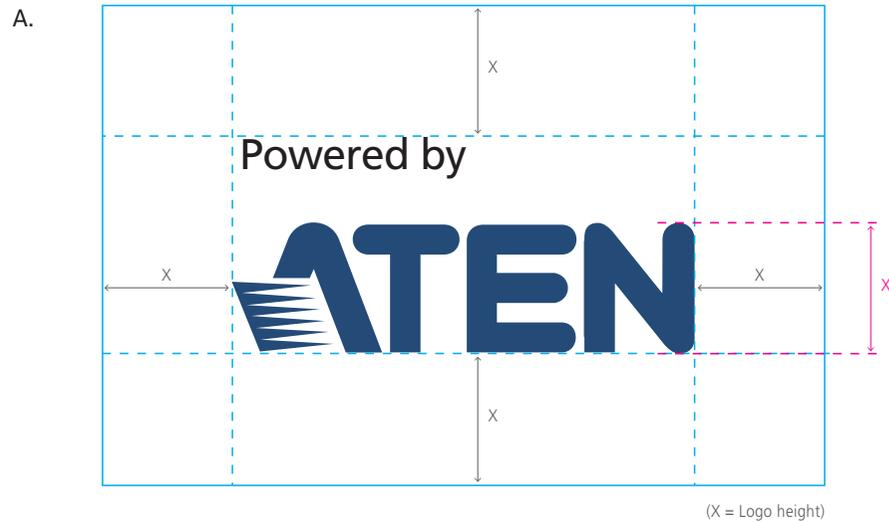

In order for the ATEN logo to be clearly identified, and to present a clear image in any situation, it is important to keep the resolution of the logo intact.

A. REASONABLE RANGE

A sufficient area must be left around the logo. No text, complex colors, or images that might interfere with the logo should appear around the logo.

B. MINIMUM SIZE

For different materials, the minimum size of the corporate logo is listed on the right. Please use the sizes on the list to avoid ambiguous logos that are too small.

B.
