| 4 Air Traffic Control | 8 Global AV Management | 12 40th Anniversary Wall |

Must-See Products

Server Room

OL1000VA – OL3000VA 1K-3KVA Professional Online UPS

Brings backup power and device protection capabilities to small-size ICT environments.

Air Traffic Control

KE6912 / KE6910 2K DVI-D Dual Link KVM over IP Extender

Ensures reliable 24/7 operation without any interruption.

High-Tech Production Line

KVM over IP RCM Solution

Provides remote control and monitoring for production line automation.

Global AV Management

ATEN Unizon™ Global AV Management Platform

Centralizes and streamlines AV monitoring, control, and management.

Collaborative Space

VP1420 True 4K Presentation Switch

Empowers True 4K, multi-format content for any professional presentation.

Gaming and Video Studio

UC9020 StreamLive HD Multi-channel AV Mixer

Empowers portable pro-quality multi-camera live streaming for content creators.

Post-Production Workstation

US3342 ★ World-First 2-Port USB-C Gen 2 Sharing Switch with Power Pass-through

World-first USB-C sharing switch with incredible 10Gbps transfer speed.

Passion for Real-Time Control

Broadcasting studios need smooth and detailed visuals for optimum operation and control. ATEN 4K KVM over IP Matrix and Multi-View KVM solutions provide real-time remote access and simultaneous 4K resolution monitoring of multiple sources.

ES0152P	52-Port GbE PoE Managed Switch	

KE9952 / KE8952

4K DisplayPort/HDMI KVM over IP Extender

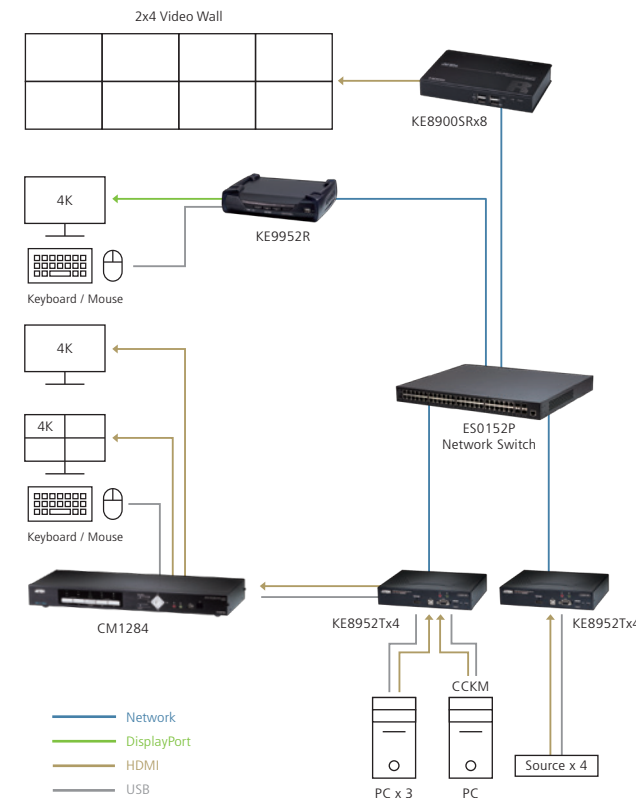

- Up to 4K 3840 x 2160 @ 30Hz 4:4:4
- SFP port for use with fiber-optic transceivers up to 10km
- Supports PoE and compliant with 802.3at
- Boundless Switching for intuitive mouse switching
- Push / Pull Tx content to a single Rx or video wall for immediate sharing

CM1284

4-Port 4K HDMI Multi-View KVMP™ Switch

- Up to 4096 x 2160 @ 30Hz
- Dual 4K outputs, multi-view and full screen
- Boundless Switching for intuitive mouse switching
- Versatile display modes, including Full Screen, Quad View, PiP, PbP, and PoP
- Support daisy chain & cascade, maximum control up to 16 computers

Passion for Robust Reliability

Server rooms are 24/7 mission-critical environments and so high reliability is the key factor when considering solutions. ATEN's KVM over IP solutions combined with LCD consoles provide both remote and local server room management, while our Energy Intelligence solutions connect UPS and PDU with the energy management software to provide triple-power insurance for your important data.

- Line-in audio embedding and HDMI audio de-embedding
- Built-in Scaler for simultaneous display 4K/1080p output
- Multiple control options via Web GUI, pushbuttons, IR Remote, RS-232, Ethernet, Contact Closure

Passion for Global AV Management

ATEN Unizon™

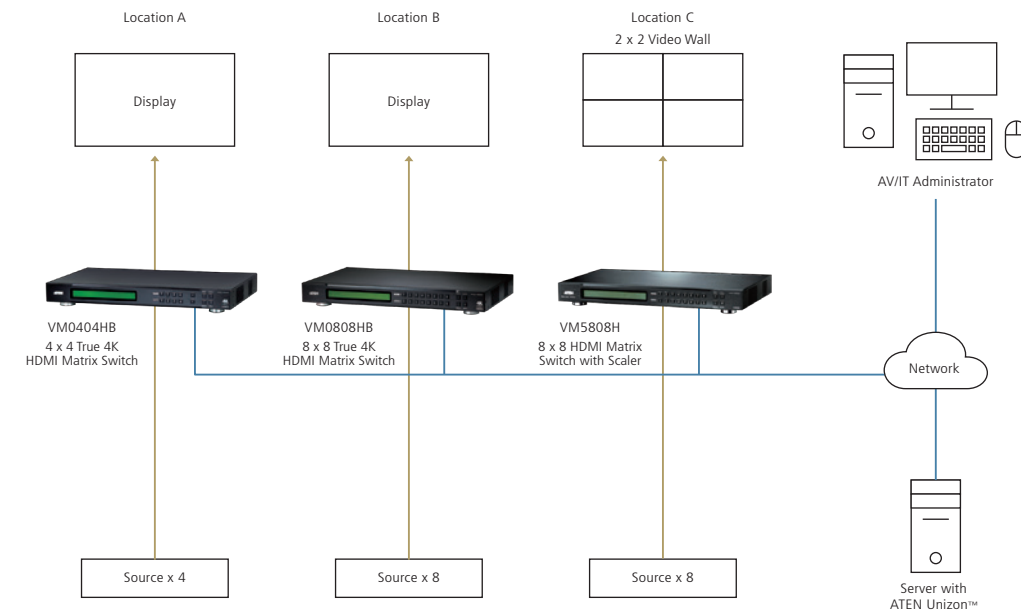

Centralize and streamline your AV/IT management with ATEN's Global AV Management Platform, a server-based software solution that gives you the power to remotely manage, monitor, and control ATEN Modular Matrix and Video Matrix solutions in real time.

LIVE

ATEN Unizon™	Global AV Management Platform	✓
VM0404HB	4 x 4 True 4K HDMI Matrix Switch	✓
VM0808HB	8 x 8 True 4K HDMI Matrix Switch	✓

ATEN Unizon™ Global AV Management Platform

- Real-time monitoring of device condition such as power status, temperature, fan, and connection status
- Execute actions across multiple devices at once, such as switching ports, profiles, resolutions, and video off
- Schedule routine tasks and firmware upgrades across multiple devices
- 5-level location tree with Floor View and Room View
- Set user roles and permission access levels

Passion for Going Live

Broadcast gaming livestreaming with very simple AV devices and streamlined workflow while having professional quality streaming.

LIVE		
UH3235	USB-C Ultra Gaming Mini Dock	✓
UC9020	Multi-channel AV mixer	✓

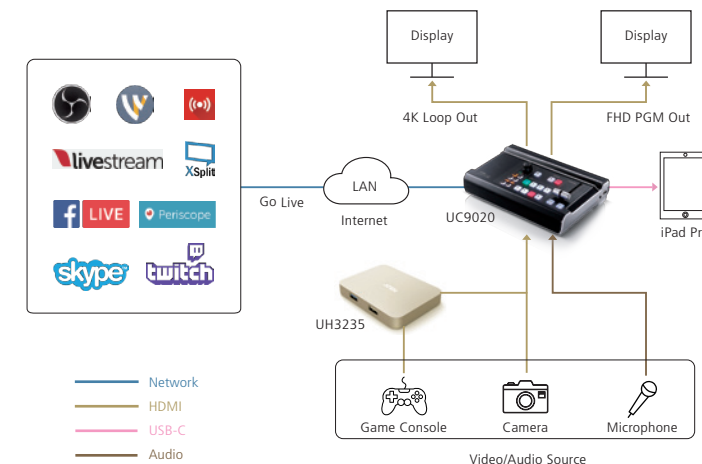

UH3235 USB-C Ultra Gaming Mini Dock with Power Pass-through

- Supports USB-C DP Alt Mode with Android/gaming devices, Mac & PC
- Supports high-quality 4K@30 HDMI output
- Power Delivery – Up to 60W to charge laptop
- Ultra-slim design with high portability

UC9020 StreamLive HD Multi-channel AV Mixer

- All-in-one design to simplify streaming workflow
- Professional-quality livestreaming to global audiences from anywhere through any platform
- PC-free and software-free with plug-n-roll capability
- Intuitive app for monitoring, real-time editing, laying out, adjusting PiP settings, and adding overlays or subtitles
- Scene preset management – preset up to 8 scenes for later while streaming during performances to reduce the need to interact with hardware
- Auto scene switching – switch between scenes with smooth transitions for a professional finish

Passion for Going Live

Work seamlessly between 2 operating systems, no matter if they are Windows, OS X, or Android.
Create simplified, productive workspaces for any desktop-like environment.

Our Achievements in Innovation – The ATEN 40th Anniversary Wall

The ATEN 40th Anniversary Wall brings together some of our milestones in electronics innovation. These inventions laid the technological foundation that allowed us to develop and refine products that enhance lives today. The wall will give visitors an opportunity to see where we've come from, and draw inspiration from to continue to create category-defining products.

1980s

Dog Horn Intelligent Alarm

Dog Horn Intelligent Alarm was the very first ATEN product. It incorporates an electronic watchdog barking sound for home protection.

GL360 Home Automation System

GL360 Home Automation System was one of the most advanced anti-theft and surveillance home automation systems of its time. It was able to connect to a control center with many different settings, including a wireless remote control function.

MP401B Printer Auto Switch

MP401B Printer Auto Switch was one of the most popular switches for printers at the time and has a long-selling history. It features an LED electronic marquee display, which was the most cutting-edge display mode when it was released.

1990s

AS248T/R Printer Auto Switch

AS248T/R Printer Auto Switch was ATEN's first printer auto switch with printing via Internet function. It was also ATEN's first product to be sold to the U.S. retail market.

FB290 Printer Spooler

FB290 Printer Spooler was a printer spooler with the most compact design and fastest data processing features for its time.

CS104 KVM Switch

CS104 KVM Switch, previously known as CPU Switch, was ATEN's first product to earn more than \$1 million U.S. dollars.

2000s

Cable KVM Switch

Cable KVM Switch was ATEN's best-selling KVM product at the time.

CS9138 VGA KVM Switch

CS9138 VGA KVM Switch was ATEN's best-selling rack KVM up to this point, and one of the most enduring ATEN products as well.

2010s

The ATEN Thunderbolt 2 KVM Docking Station US7220

The ATEN Thunderbolt 2 KVM Docking Station US7220 was the industry's first 4K dual-view Thunderbolt™ 2 sharing device.

The ATEN 4K Video over IP Extender

The ATEN 4K Video over IP Extender won the Red Dot 2018 Award for its human-centric design.

Join Our Expert Talks

Standing at the forefront of the ever-growing AV/IT integration industry, ATEN strives to promote innovative solutions by hosting "Expert Talks" sessions at COMPUTEX 2019. These sessions will cover how ATEN connects AV & IT, as well as various emerging technologies, application insights, best practices, and installation tips.

Join our experts at the ATEN booth (PO514) as they share ATEN's strategy to deliver devices to help people make better, more efficient, and seamless connections.

Expert Talks Session 1

Expert Talks Session 1: Frank Chang, Assistant Vice President of the Pro AV Application Department, will let you know how ATEN solutions can make your professional and personal life easier, simpler, and better connected in his talk, "When AV meets IT: The Beauty of ATEN USB Extension Technology".

When May 29, 2019, 2:30 – 3:00 p.m., Taipei Time

Expert Talks Session 2

Expert Talks Session 2: Jimmy Tsao, Assistant Manager of the SMB Solution Product Department, will help you discover how innovative KVM solutions are game changers in post production and also provide an up-close view of all the latest applications used in broadcasting.

When May 30, 2019, 11:00 – 11:30 a.m., Taipei Time

Expert Talks Session 3

Expert Talks Session 3: Jonas Chen, Manager of the Enterprise Solution Product Department, will help you find out the latest Digital KVM Extension Solutions for factory production lines and insights on manufacturing management.

When May 29, 2019, 11:00 – 11:30 a.m., Taipei Time

Expert Talks Session 4

Expert Talks Session 4: Harry Weng from the Enterprise Solution Product Department, will talk about how a wide range of ATEN KVM solutions have established themselves as a key component in the air traffic and ground control room's system infrastructure.

When May 30, 2019, 2:30 – 3:00 p.m., Taipei Time

Meet ATEN's Partners

Alliance Partners

Solution Partners

To celebrate ATEN's 40th Anniversary, we've put together an engaging mix of showcases and fun throughout the 5-day Computex 2019 convention, so be sure to stop by the ATEN booth to grab a refreshing cocktail and play our quiz contest to win a special prize!
